GRIFFIN, GEORGIA

PERMIT No.31

Forms an attractive rosette-like clump of pretty dark green foliage, which, in the fall, is entirely covered with showy white blossoms. Is wonderfully hardy. You will be pleased with this fine plant.

DIANTHUS PLUMARIUS OR GRASS PLANTS

- 290.—Double Clove. 12 ins. Brilliant, double blossoms with spicy fragrance. Known and grown everywhere.
- 292.—Single Clove. 10 ins. Large single blossoms in showy colors. Very fragrant.
- 294.—Highland Rose. Hybrid. Lovely single flowers. Rich fragrance. Bright rose with zone of deep rosy red.
- 291.—Caesias Splendens. 6 ins. Rose shades. Very dwarf. Fragrant. Makes beautiful clumps. Ideal for borders and rocks.
- 311.—Deltoides. 8 ins. Rose pink blossoms carried above fine feathery foliage. A rock gem.
- 293.—Semperflorens. Everblooming. Double and semi-double. Mixed colors. Gives a long season of bloom.
- 297.—Graniticus. 8 ins. A neat variety for the rockery, with bright red flowers.
- 299.—Allwoodi Alpinus. A lovely rock plant. Glossy leaves and large flowers of beautiful shades of rose and pink. A gem for the rockery.
- 306.—Spring Beauty. Double carnation-like blossoms in a beautiful range of colors. Very fragrant.
- 312.—Cyelops. 9 ins. Red hybrids. A rock beauty.

DIANTHUS—CHINA—

- 272.—Mixed. A choice mixed lot. All types and colors. Very desirable.

FLAX OR LINUM—

- 411.—Perenne. 20 ins. Light blue flowers. Dainty foliage.

GAILLARDIAS—

- 477.—Grandiflora. 20 ins. Fine, showy variety. Mahogany and yellow.
- 478.—The Dazzler. 20 ins. Orange and red. Excellent.
- 451.—Zebra. 6 feet. Yellow stripes across the leaf. An attractive specimen plant. Silvery plume.

GLOBE THISTLE—

- 488.—Sphaerocephalus. 3 ft. Prolific. Stately. Light blue balls.

> GRASSES—HARDY... ORNAMENTAL—

- 444.—Festuca Glouca. 10 ins. Dwarf. Ornamented with distinct blue green foliage. A gem for the border or rockery.
- 445.—Phalaris Arundinacea. 12 ins. A ereeping ribbon grass. Very ornamental. Beautifully striped—green and white.
- 446.—Phalaris Arundinacea Erecta. Another rock garden gem, but has yellow stripes instead of white, and of a more bunchy type than 445.

HIBISCUS—MALLOW MARVELS—

Height 4 feet. New, giant flowering type. Wonderfully improved. Gorgeous in effect. 10 in. blossoms. August sown. Stock just right for lining-out.

- 587.—Rose. A beauty.
- 588.—Red. Gorgeous.
- 589.—White with red eye. Attractive.
- 590.—Golden Bowl. 2 feet. Creamy yellow.

LYTHRUM—

- 642.—Roseum Superbum. 3 ft. A grand shrub perennial. Long spikes of purplish rose are produced in profusion. Hold well after cutting.

MUSCARI OR GRAPE HYACINTH—

- 1257.—Botryoides Cocculeum. Bright blue. Very fragrant. Fine for rockery.

PARDANTHUS—BLACKBURY LILY—

- 719.—Chinensis. Orange colored. Spotted. 24 inch stem. A lovely old-fashioned flower.

PHYSOSTEGIA—

- 796.—Vivid Grandiflora. 20 ins. Bright rosy violet. A great improvement. A good cut flower. Dwarf.
- 797.—Virginica Rosea. 3 ft. Long spiked. Delicate pink.

PYRETHRUM—August Sown.

- 807.—Roseum Mixed. 20 ins. Long stem. Fine for cutting.

RUDBECKIA—

- 862.—Purpurea. 30 ins. Most attractive wine-colored flowers. A hardy border plant and good cut flower.
- 863.—Newmani. 15 ins. The perennial form of Blackeyed Susan. Deep orange-yellow dark center. Long wirey stems. Blooms all summer.

SALVIA—

- 939.—Azurea. 3 ft. Lovely, light blue flowers in great profusion.

SANTOLINA—

- 873.—Chamaecyparissus. 10 ins. A sweet smelling dwarf, evergreen, with silvery white foliage. A useful border and rock plant.

SAPONARIA—

- 906.—Ocymoides Splendens. 4 ins. Bright rosy pink. Short, stubby trailing vine. Fine for rockery.

EILENE—

- 825.—Orientalis. 20 ins. Bright rose. Phlox-like heads. Good for cutting.

STACHYS—

- 951.—Lantata. 4 ins. Fine edging and rock plant. Dwarf. Self silvery foliage.

SWEET WILLIAMS—

- 1290.—Pink Beauty.
- 1291.—Copper Red.
- 1292.—Scarlet.
- 1293.—White.

TRADESCANTIA—

- 1038.—Virginica. 15 ins. We offer a greatly improved strain of this variety. Much larger flowers and clearer, brighter blue.
Tradescantia will grow in cool, shady places where other plants fail.

VERBASCUM—

- 1274.—Harkness Hybrids. 5 feet. A vigorous plant with handsome, stately spikes of pure yellow flowers.

VERBENA—HARDY PERENNIAL VARIETIES—

- 1148.—Canadensis. 8 ins. An excellent, hardy variety. Prolific bloomer. Bright lavender shade.
- 1150.—Venosa. 12 ins. Rosy lavender. Unusually hardy, fine to cover banks and graves.

VERONICA—

- 1100.—Elegans. 10 ins. A beautiful, little hardy, evergreen plant. Dwarf and knobby. Spikes of soft pink blossoms.
- 1104.—Prostrata. 4 ins. A trailing variety with dainty blue flowers in profusion. A fine rock plant.
- 1105.—Spicata. 15 ins. Well formed bushes with spikes of rich violet-blue flowers. Very showy.

VINCA OR TRAILING MYRTLE—

- 1137.—Major. This very desirable plant is little known. It differs from the Vinca Minor in that it makes a low, upright bush 10 to 12 ins. high with semi-vines branching out from the top. A very strong grower, larger leaves and blossoms—almost as large again in the same dainty, lavender blue. This plant will grow in full shade where such a plant is desired for border lines and circle beds massed under trees, etc. A very showy evergreen plant. Succeeds in sunny locations.

VIOLETS—

- 1115.—Giant Blue Sweet Scented. This is a long-stemmed florists variety. Very fragrant, extra early blooming. Very hardy, suitable for any location. This is the florist's money maker.
- 1116.—Spring Beauty. This variety is well known in some localities and is fine for the rock garden. One of the first to appear in the spring with its large showy white blossoms with pale blue centers. It is an extra strong grower, very hardy and once established takes care of itself.
- 1118.—Birdfoot. A stiff stem, finely cut foliage variety. Produces an abundance of light blue blossoms. Fine for naturalizing in shaded places.

WALLFLOWERS—

- 1247.—Fancy Mixed. 16 ins. A grand old-time favorite. Very fragrant.

AT DIFFERENT PRICES

HEMEROCALLIS—\$2.00 per 100, postpaid; \$10.00 per 1,000, express collect. 250 at 1,000 rate.

- 511.—Fulva. 3 ft. Coppery orange, shaded red. One of the most popular and showy of the Hemerocallis. Grand for extensive borders and massing.

LOBELIA—Perennial. \$2.50 per 100, prepaid; \$12.00 per 1,000; express collect; 250 at 1,000 rate.

- 1268.—Cardinalis. Height 30 ins. Spikes of rich cardinal-red flowers. Very effective.

LIRIOPE—\$5.00 per 100, postpaid; \$4.50 per 100, express collect.

- 664.—20 ins. This is rather a new and rare plant, somewhat like the lily in growth. Is a very fine and stately plant. Has long, slender green leaves and spikes of lavender flowers during the summer. Grows very easily.

PHLOX SUBULATA OR THRIFT—\$1.50 per 100, postpaid; \$6.00 per 1,000, express collect; 250 at 1,000 rate.

- 994.—Rosea. This grand variety still holds its own as a standard variety, outstanding in its hardiness, strong growing, profuse blooming and attractiveness. Rose shade.
- 995.—Lilacina. Another strong grower, a creeping variety. Light blue blossoms. Dainty foliage.
- 1011.—Moerheimii. A hardy, quick growing variety, is highly recommended. Color is a beautiful carmine pink.
- 1006.—Atropurpurea or Brilliant. \$1.50 per 100, prepaid; \$8.50 per 1,000, express collect; 250 at 1,000 rate. A distinct form. Free bloomer. Upright. Strong grower. Color, deep wine-red.

ALSO—CLUMPS OF ROSEA at \$4.00 per 100, 25 at 100 rate.

STOKESIA—\$1.50 per 100, prepaid; \$10.00 per 1,000, express collect.

- 983.—Cyanca. 15 ins. Beautiful light blue flowers. Stiff stems. Lovely for cutting or in front of the border. An excellent, hardy plant.

RIEGEL PLANT COMPANY

Experiment, Ga.

Perennials and Rock Plants

We specialize in lining out stock, strong, field-grown plants and divisions.

Prices: \$1.50 per 100, postpaid, not less than 25 of a kind. \$8.00 per 1,000 express collect, 250 at 1,000 rate, 50 or more of a kind.

The above prices apply to all of the following except those in another section at different prices.

Strong, field-grown plants and divisions for potting and lining-out. We are specializing in this class of plants. Our strong, sturdy, field-grown plants are stocky, well rooted and healthy. Our strong, hardy, field-grown liberal divisions are well rooted and clean. You will find our stock true to name and of good quality, carefully labeled.

All plants are graded, carefully packed with proper moisture, uniform number in each package, packed straight, easy to handle, ready for business—potting, lining out, or immediate sale. We have customers who handle this stock for sale right off the counter. Others take orders and deliver on arrival. We have had great success in pleasing our customers. All plants are dug fresh for each order. We guarantee satisfaction.

HARDY FIELD-GROWN PLANTS AND DIVISIONS

ACHILLEA—

- 46.—Perry's White. 18 ins. Double. Good cut flower.
